QualityNet

QualityNet is simple database software used to manage all the quality assurance, audit analysis and factory evaluation report for your company.

Allow QC inspector to fill in individual order QC result.

Create a professional QC report to customer for review.

Using AQL - Acceptance Quality Level 4.0 and 2.5 standard.

QC audit analysis chart to review factory's quality performance.

Remote Access QualityNet Database over internet, able to view Factor audit report and QC inspection result during overseas trip or out of office.
